Discussion of the committee

What would you like to see change and get out of this meeting?

Northern Virginia EMS Council
Trauma and Performance Improvement Committee
March 9, 2022 Meeting Minutes

- Dr. Franco was not a fan of the RETSCO for this group because of personnel constraints. The way we ran it in the past went well as far as topics and round-table. Probably a way to tweak it to be not just a quarterly meeting data dump but how to truly improve us as research collab or bringing our system forward. With our knowledge we can put together to improve the system that way.
- Dr. Morgan said he talked to Craig and essentially the council has in our contract we have to have a recurring quarterly TPI meeting but that contract is being re-written givin us an opportunity collectively if we want to have this more trauma specific with topics and then carve out general EMS topics that are non STEMI, stroke, whether that’s the OMD discussions or BOD meetings to have a PI topic

Future Meetings and Topics

The Regional Trauma/PI meetings dates are as follows for 2022:

- Wednesday, June 8, 2022
- Wednesday, September 7, 2022
- Wednesday, December 7, 2022

The meeting was adjourned at 11:52 am
